EXECUTIVE SUMMARY

The main objective of this deliverable is to summarize the envisaged activities to be carried out in conjunction with other IST Projects. After a short introduction, in section 2 the main objectives and key issues to be addressed in the AROMA project are summarized. Section 3 deals with the contributions of the AROMA project to the clustering activities, specifically to the cluster "Spectrum and Radio Resource Management "(SRM). Detailed information about the participation of the AROMA project in several Workshops is given in section 4. Finally, Section 5 provides a self-assessment about the activity carried out by the AROMA project in the clusters.

The document also contains several annexes in order to provide additional information about the AROMA clustering activity.
